

July 24, 2006

We cordially invite your organization to consider exhibiting your products and services at the upcoming Shortleaf Pine Symposium, November 6-8, 2006. The venue for the symposium is the beautiful University Plaza Hotel and Convention Center in Springfield, MO.

This symposium is open to individuals and organizations with interest in shortleaf pine management, restoration and ecology; including private landowners, state and federal resource managers, consultants, conservation groups, and scientists from public and private institutions. We are expecting 400-500 people attending from across the Midwest and Southeastern United States.

THERE IS NO EXHIBITOR'S FEE! Exhibition space is 10'x10' with an 8' table provided. Requests for a larger space will be considered and accommodated if available space allows. Please fill out the enclosed Exhibitor Application Form and return to the above address. Note that the application deadline is October 6, 2006.

While exhibiting is free, we do ask that you register as a participant if you plan to attend any of the indoor sessions, field trip or partake of the reception, luncheons or breaks. Additional conference information and registration procedures can be found at:

http://mdc.mo.gov/science/sl_pine/

We hope to see you in Springfield!

Best Regards,

Hank Stelzer
